A FLAT ♭ lowers a tone 1/2 step in pitch, and it affects all other notes of the same pitch later in the measure, like in #68.

KEY SIGNATURE:  Flats or sharps at the beginning of a song which change all of those notes in the song. This key signature means all B's are flat.

New Note B-flat (high) 
Da Capo al Fine (D.C. al Fine): Play entire song once, then repeat from the beginning of the song and play until "Fine." "Capo" means Beginning; "Fine" means "End."
